MEMORANDUM FOR : Deputy for Technology, Office of Special Activities

25X1A

SUBJECT : Conversation with [] Regarding OXCART
Clearance for Messrs. Eugene Black and Stanley Osborne

1. I believe I advised you the night of 30 September orally that the Director had given an OXCART briefing to Mr. Eugene Black and Mr. Stanley Osborne at his home in Washington the evening of 29 September. These gentlemen, you will recall, are both identified as Special Advisers to the President on the financial aspects of the SST.

2. I am sending Kelly Johnson a wire to confirm these clearances and to respond to his query of 30 September about taking them to [] following their visit to Burbank on 3 October. In addition, [] told me that the Director wanted us to get in touch with [] at P&W and to inform [] that Black and Osborne are aware of OXCART and will have visited [] by the end of the year. I gather that the Director may have asked for this information to be passed to [] in order to offset the headline publicity that G. E. has been getting with the J-93 engine in the B-70. Please let me know when you have informed [] of these developments.
